ACCREDIA CALIBRATION OF MULTI RANGE / MULTI DIVISION
SCALES

ACCREDIA calibration service for multi range
scales with capacity up to 20.000 kg, performed
by CIBE laboratory.

Our solutions for quality
assurance and certainty
of your measurements.

ACCREDIA CALIBRATION

- The certificates issued by ACCREDIA Centre No. 117 have the same technical validity, within the limits of the declared uncertainty values, as those issued by the Primary Metrological Institute and are a guarantee of traceability at national and international level. The ACCREDIA calibration certificate is necessary to guarantee the traceability of measurements in companies with a Quality Assurance system.
- [ACCREDIA CERTIFICATE AND ACCREDITATION TABLE](#)

FIXED COSTS FOR TECHNICAL TRAVEL, TRANSPORT AND MASS HANDLING

- Please ask for a quotation for fixed costs for technical travel, transport and mass handling (valid regardless of the number of scales being calibrated).

SCALE CLASS LEGEND

- Class I: instruments with more than 100,000 divisions.
- Class II: instruments with a number of divisions greater than 10,000 and less than or equal to 100,000.
- Class III: instruments with a number of divisions greater than 1,000 and less than or equal to 10,000.
- Class IIII: instruments with a number of divisions less than or equal to 1,000.
- Multi-interval instruments: instruments with a single weighing range divided into partial weighing ranges each having a different division.
- Multi-range instruments: instruments having two or more weighing ranges with different capacities and different divisions.
